Atty. Dkt. No. 085449-0188 Appln. No. 10/576,266

## **REMARKS**

Applicants respectfully request that the foregoing amendments be made prior to examination of the present application.

In the specification, a paragraph has been added on page 1 to insert the priority claim.

Please insert the Abstract attached to this amendment after the claims in the specification. The Abstract is being inserted in compliance with 37 C.F.R. § 1.72.

Claims 1 - 28 are requested to be cancelled. New claims 29-64 have been added. The new claims revise the text of the originally submitted claims to conform with U.S. patent practice.

This amendment adds, changes and/or deletes claims in this application. A detailed listing of all claims that are, or were, in the application, irrespective of whether the claim(s) remain under examination in the application, is presented, with an appropriate defined status identifier.

Because the foregoing amendments do not introduce new matter, entry thereof by the Examiner is respectfully requested. After amending the claims as set forth above, claims 29-64 are now pending in this application.

Respectfully submitted,
